What are the documentation requirements?
It is the licensee’s responsibility to obtain and maintain CE documentation with their professional records for three years. Licensees will need documentation of attendance for renewal purposes. The original certificate of attendance or other written verification of attendance should reflect the sponsor’s name, date of training, title of training/course title, number of hours awarded and your name. If you are submitting any informal CE, you must document those hours yourself by keeping copies of presentations, publications, proof of self study, etc. The Board will conduct a random audit after the biennial renewal period. If you are audited, you will be required to submit your CE documentation to the Board at that time.

What is the time frame for obtaining continuing education for the 8/31/17 license renewal period?
CE documentation must be obtained from 9/1/15 to 8/31/17 for the August 31, 2017 deadline

What organizations/groups are considered “presumptively” approved for conferences, seminars and workshops?
Any formal CE activity sponsored by a professional counselor certifying body (such as NBCC), marriage & family therapy certifying body (such as AAMFT), NAADAC, or SCAADAC or one of its regional or state divisions, is automatically approved for continuing education, as long as it is relevant to your area of practice and offers professional development in your profession. The burden of demonstrating how the course contributes to your professional practice remains on each licensee.

Are licensees required to obtain CE specifically from Board approved sponsors or NBCC or AAMFT approved sponsors?
No, however the benefit of selecting a sponsor who has already been reviewed and approved by this licensing Board or NBCC or AAMFT is automatic acceptance for continuing education hours, as long as it is relevant to your area of practice and offers professional development in your profession. The Board regards it licensees as professionally responsible to determine what CE is appropriate for their continued professional development and it can be obtained anywhere in the United States, Canada or abroad. Licensees should be careful and make their selections with organizations, etc. who have developed a history of providing quality educational experiences that comply with the requirements outlined in the Board regulations. If you are considering training in a specialized area, you should focus on the presenters’ specialized training/certification/registration in that particular area.
Will the Board accept a “pass/fail” college course (graduate level 3 semester hour) for continuing education hours?

Yes. You are responsible for papers and tests; it is reflected on a transcript and it shows that you have minimally passed the class. A 3 semester hour graduate level course is worth 45 hours of CE. If audited, you must provide an official transcript for these studies.

Will the Board accept an “audit” college course (graduate level 3 semester hour) for continuing education hours?

The audited course must be reflected on a transcript. An audit course consists of attending class with no responsibilities for papers or tests. An audit course is acceptable for continuing education purposes but it is not acceptable for obtaining a license.

Does the Board offer an “inactive” status for those licensees that do not want to renew on 8/31/17?

No. On September 1, 2017, the status will be changed from “active” to “lapsed” status if the license/s are not renewed by 8/31/17. Licensees are allowed up to three (3) months to make a late renewal of a lapsed license and from four (4) months to two (2) years to reinstate their lapsed license. The renewal fee will be due along with a late fee or reinstatement fee.

If the license/s are lapsed 2+ years, an up-to-date application must be completed with the appropriate application fees. You must meet the licensing requirements that are in effect at the time of reapplication. You must also provide proof that you have passed the national exam by the national cutoff.

Is there any practice allowed on a “lapsed” license?

No. Licensees cannot practice with a lapsed license. Unlicensed practice, based on failure to renew, is grounds for disciplinary action.
