Notice of Consumer Service Change

S.C. Code of Laws: 40-82-270. Notifying supplier concerning installation and servicing of system

(1) An installer or service worker shall notify the supplier of propane before beginning any work on the system supplied by a liquefied petroleum gas supplier. If more than one liquefied petroleum gas supplier has supplied gas to the container of the system, the last supplier of liquefied petroleum gas must be notified before any work is performed on the system.

Instructions:

Per S.C. Code of Laws, prior to a service change, this form should be completed. Please fax/e-mail it to the respective LP gas company.
